Message from the Vice Chancellor

Dear ITEP aspirants,

We, at the University of Delhi, welcome you to ITEP, a flagship programme launched with a vision to create an enriching learning environment for every student who aspires to be an impactful educator across all levels of school education.

Teachers are the pillars of education and pivot for any educational transformation. Their core competence, adherence to human values and inclusive approach are essential to nurture the lived experiences of children. The National Education Policy 2020 (NEP) recognizes the significant role teachers play in the process of nation-building and provides illuminating pathways for their professional development. Integrated Teachers' Education Programme (ITEP) is one such path-breaking initiative.

NEP has envisioned the entire process of education as a remarkable spectrum of stages starting from early childhood years. In the 5+3+3+4 structure of school education, each stage is uniquely positioned in this continuum. The stage-specific considerations are duly acknowledged and systemic provisions to fortify the learning processes at each stage are intensely advocated for. This is the point of genesis for the integrated teacher preparation programme.

The programme promises to develop competent, motivated and energetic teachers who can contribute to the planning and organization of education at that specific level in coherence with the preceding as well as the next level of education. It is a near approximation mirroring of the idea of combating fragmentation across school years that existed before NEP 2020.

Truly exemplifying the spirit of the multidisciplinary approach to learning, this programme will provide a double major bachelor's degree. For the first time in the history of teacher education, with its unique feature, this programme will provide the graduating students equal opportunities to continue further education in both the disciplines, education as well as the other discipline. The programme acknowledges the varied circumstances in a student's life and provides multiple entry-exit options in tandem with NEP 2020.

This programme will be offered under the Faculty of Education of the University, erstwhile known as Central Institute of Education. It has a demonstrated presence in the field of teacher education with a heritage of seventy-five years. The Faculty of Education will play a pivotal role in the planning and organization of this programme at the university and offer ITEP in its pilot phase through two constituent colleges of the University, viz. Mata Sundari College and Shyama Prasad Mukherjee College. In the first year itself, the programme is offered across two Stages of school education - Middle and Secondary. I am sure that the students joining the University of Delhi to pursue this programme will benefit from the rich educational and cultural traditions of the university.

I wish all the students and the teachers associated with the programme a great learning experience and success in shaping future educators who shall lay a strong foundation of New Bharat.

Best wishes

Yogesh Singh

ABOUT THE UNIVERSITY: AN OVERVIEW

The University of Delhi is a premier university of the country with a venerable legacy and international acclaim for highest academic standards, diverse educational programmes, distinguished faculty, illustrious alumni, varied co-curricular activities and modern infrastructure. Over the many years of its existence, the University has sustained the highest global standards and best practices in higher education. Its long-term commitment to nation building and unflinching adherence to universal human values are reflected in its motto: 'Nishtha Dhriti Satyam' 'निष्ठा धृति सत्यम्' (Dedication, Steadfastness and Truth).

Established in 1922 as a unitary, teaching and residential University by the Act of the then Central Legislative Assembly, a strong commitment to excellence in teaching, research and social outreach has made the University a role-model and trend setter for other universities. The President of India is the Visitor, the Vice-President is the Chancellor and the Chief Justice of the Supreme Court of India is the Pro-Chancellor of the University. Beginning with three colleges and 750 students, it has grown as one of the largest universities in India with 16 faculties, over 80 academic departments, an equal number of colleges and over seven lakh students. Over 500 programmes offered by the University are approved by Academic and Executive Councils, out of which 209 programmes are being considered for NAAC accreditation purpose. The rest, being run in colleges, are separately accredited.

Drawing students and faculty from across India and abroad, the University has emerged as a symbol of excellence, integrity and openness of *mansa* (thought), *vaacha* (speech) and *karmana* (action).

Sir Maurice Gwyer, the then Vice-Chancellor, realizing the importance of a distinguished faculty to act as role models, relentlessly searched for talent all over the country and roped in men of eminence to this University, such as Prof. D.S. Kothari in Physics, Prof. T.R. Sheshadri in Chemistry, Prof. P Maheshwari in Botany and Prof. M L Bhatia in Zoology.

Five Departments namely Chemistry, Geology, Zoology, Sociology and History have been awarded the status of the Centres of Advanced Studies. These Centres of Advanced Studies have carved a niche for themselves as centres of excellence in teaching and research in their respective areas. In addition, a good number of university departments are also receiving grants under the Special Assistance Programme of the UGC in recognition of their outstanding academic work. 10 Departments (Germanic & Romance Studies, Hindi, Persian, Geography, Music, East Asian Studies, Anthropology, Mathematics, B.R. Ambedkar, M.I.L.) receive grants under DRS, 2 departments (Buddhist Studies, English) receive grants under DSA, 3 departments (English, Buddhist Studies, Social Work) receive grants under AISHSS and 3 departments (African Studies, East Asian Studies, Developing Countries Research Centre) receive grants under Area Studies Programmes. Department of Adult, Continuing Education and Extension and Women's Studies & Development Centre of the University also receive special funding from UGC. The University today boasts of as many as fifteen big libraries, apart from libraries in each of its colleges. The University Science Instrumentation Centre (USIC), which is now situated close to the Physics and Chemistry Departments, houses a number of sophisticated and high-end research instruments. These instruments are used quite frequently by teachers and research scholars of postgraduate departments of the University as well as by many other institutions in Delhi and its neighbourhood. The University has recently undertaken the work of laying of fibre-optic network in the North and the South Campuses, connecting all colleges and departments.

As the University of Delhi expanded in many directions to keep pace with a rapidly growing city, South Campus was established in 1973 to facilitate access to higher education for the residents of South Delhi. It moved to its present location on Benito Juarez Road, near Dhaula Kuan, in 1984. The Campus is now spread across 69 acres of green, hilly terrain and its buildings blend aesthetically with the natural surroundings. The various departments are located in the Faculty of Arts and the Faculty of Inter-disciplinary and Applied Sciences. S.P. Jain Centre for Management Studies is also located at the South Delhi Campus. Besides these, the Campus has a good library, a Health Centre, a Bank, a Post Office, DTC Pass Section and administrative and examination blocks. South Campus also provides some residential quarters for faculty members and the non-teaching staff. Outstation students are offered accommodation in three hostels.

ABOUT THE FACULTY OF EDUCATION (CENTRAL INSTITUTE OF EDUCATION)

The Faculty of Education, University of Delhi, has a department of education and eleven colleges under its ambit. The Department of Education, earlier known as the Central Institute of Education (CIE), was the first central institute of professional learning and research in Education, established just after independence. The first Prime Minister of India, Pandit Jawaharlal Nehru and the Education Minister, Maulana Abul Kalam Azad, took considerable interest in establishing CIE in 1947 and its activities and progress in those early years. Maulana Azad visualised the function of CIE not merely to "turn out teachers who will be 'model teachers', but to evolve into "a research centre for solving new educational problems of the country". Over these past decades, CIE has attempted to work towards this vision. At this juncture when the nation is working towards implementation of the NEP 2020 with a vision to develop teachers who are capacitated to ensure quality education for all, CIE is continually bracing itself to address the challenge.

Recognised as an Institute of Advanced Studies in Education (IASE), the Department has shaped its unique philosophy, which finds reflection in its all programmes focused on inculcating core values of democracy, freedom, dedication, creativity, social responsibility, diversity, inclusion, collaborative and experiential learning, innovation, sincerity and excellence.

The faculty offers the following academic programmes -

- A doctoral research programme leading to a Doctor of Philosophy (PhD).
- A full-time advanced programme in Education for two academic years leading to a Master of Education (M.Ed.) degree.
- A full-time professional teacher education programme for two academic years after graduate or post-graduate studies, leading to a degree in Bachelor of Education (B.Ed.). Besides CIE, this programme is offered at three affiliated colleges - Maharshi Valmiki College of Education, Lady Irwin College and Shyama Prasad Mukherji College for Women.
- A full-time professional teacher education programme for two academic years, leading to a Bachelor of Special Education (Visual Impairment) degree. This course is offered at Durgabai Deshmukh College.
- A full-time professional teacher education programme for two academic years, leading to a Bachelor of Special Education (Mental Retardation) degree. This course is offered at Lady Irwin College.
- A full-time professional Integrated Teacher Education Program (ITEP), for four academic years leading to a B.A. B.Ed. dual-major degree. This course is being offered at Mata Sundri College for Women and Shyama Prasad Mukherji College for Women.
- A full-time professional programme in elementary teacher education, leading to a Bachelor of Elementary Education (B.El.Ed.) degree. This programme is offered in eight affiliated colleges of the University of Delhi.

INTEGRATED TEACHER EDUCATION PROGRAMME (ITEP)

The Integrated Teacher Education Programme (ITEP), is a four-year degree programme offered at the tertiary level. It is founded on the vision of NEP 2020, exemplifying the process of developing a multidisciplinary approach to learning in higher education.

“The 4-year integrated B.Ed. is a dual-major holistic bachelor’s degree, in Education as well as a specialized subject (such as language, history, music, mathematics, computer science, chemistry, economics, art, physical-education, etc). Beyond the teaching of cutting-edge pedagogy, the teacher education will include a grounding in sociology, history, science, psychology, early childhood care and education, foundational literacy and numeracy, knowledge of India and its values/ethos/art/traditions, and more.” [NEP 2020: 15.5]

The four-year Integrated Teacher Education Programme (ITEP) envisions the creation of passionate, motivated, qualified, professionally trained, and well-equipped teachers capable of designing and implementing developmentally appropriate learning experiences for students at different stages of school education. The ITEP seeks to ensure that prospective teachers are given the highest quality education in content, pedagogy, values, and practice.

Key Design Elements of ITEP

ITEP is of four-year duration with credits distributed across eight semesters of study. It is a dual-major bachelor's degree programme, with one major in Education and the other in a disciplinary/interdisciplinary branch of knowledge. In addition, the programme seeks to develop among student-teachers an ethic of social engagement, and capacities such as problem-solving, critical thinking, creative thinking, communication skills, ethical and moral reasoning etc. that are necessary for preparing competent teachers.

Stage Specific Specialization

The reconfiguration of the curricular and pedagogical structure of school education involving a (5 + 3 + 3 + 4) design as recommended by NEP 2020 makes it imperative that the ITEP makes available accomplished teachers with the knowledge, capacities, and values and dispositions required for developing and improving the practice of teaching at a particular Stage of school education, i.e. Foundational Stage, Preparatory Stage, Middle Stage, or Secondary Stage. The ITEP seeks to create a pool of competent teachers capable of designing developmentally appropriate teaching-learning-assessment practices that are responsive to the learning needs and interests of children at different stages of their development.

Each student-teacher shall specialize in one of the following stages of school education which will qualify them to become a teacher for that stage.

- i) ITEP with Foundational Stage Specialization
- ii) ITEP with Preparatory Stage Specialization
- iii) ITEP with Middle Stage Specialization
- iv) ITEP with Secondary Stage Specialization

The Faculty of Education, University of Delhi, through its two constituent colleges, is offering ITEP in two stages in the year 2023-24.

- i) ITEP with Middle Stage Specialization
- ii) ITEP with Secondary Stage Specialization

ITEP with Middle Stage Specialization

This Programme will qualify student-teachers for teaching children in Grades 6, 7 and 8. The Middle Stage builds on the pedagogical and curricular style of the Preparatory Stage but with the introduction of more specialized subjects and subject teachers. At the Middle Stage, “Experiential learning within each subject, and explorations of relations among different subjects, will be encouraged and emphasized despite the introduction of more specialized subjects and subject teachers” [Para 4.2, NEP 2020]. The teaching-learning activities at the Middle Stage seek to help students engage with abstract concepts and unfamiliar contexts and situations with the introduction of learning contents in a more structured and systematic manner.

ITEP with Secondary Stage Specialization:

The Secondary Stage includes Grades 9, 10, 11 and 12. It comprises “four years of multidisciplinary study, building on the subject-oriented pedagogical and curricular style of the Middle Stage, but with greater depth, greater critical thinking, greater attention to life aspirations, and greater flexibility and student choice of subjects” NEP 2020, 4.2). “Holistic development and a wide choice of subjects and courses year to year will be the new distinguishing feature of secondary school education” [Para 4.9, NEP 2020].

This programme will prepare the student-teachers to accomplish these stage-specific goals of education.

Multiple Entry and Exit, and Re-entry Options

The ITEP envisages multiple entry and exit points and re-entry options, with appropriate certifications.

Student-teachers who wish to exit after completion of **one year** (two semesters) of study will be given a **Certificate**, indicating the credits accrued for the courses pursued.

Student-teachers who wish to exit after completion of **two years** (four semesters) will be given a **Diploma**, indicating the credits accrued for the courses completed.

Student-teachers who wish to exit after successful completion of **three years** (six semesters) will be awarded a **Bachelor's Degree** in the chosen Major.

Student-teachers who successfully complete **four years** (eight semesters) of study will be awarded a **Dual-major bachelor's degree** B.A. B.Ed.

Opportunities for Vertical Mobility

Student-teachers who successfully complete the four-year ITEP and wish to pursue higher studies will be eligible to pursue a master's degree programme in education as well as in the Major discipline chosen for study during the ITEP.

Semester System and Curricular Components

The Stage-Specific ITEP will be organized on the semester pattern with two semesters in an academic year. Each semester will consist of 15 -16 weeks of teaching-learning activities.

The ITEP comprises the following **six** curricular components:

1. Foundations of Education
2. Disciplinary/Interdisciplinary Courses
3. Stage-Specific Content - Cum - Pedagogy Courses
4. Ability Enhancement and Value-Added Courses
5. School Experience, including Internship in Teaching
6. Community Engagement and Service

To facilitate the process of understanding the nature and scope of each of these components a rigorous, Student Induction Programme will be organized during the first two weeks of Semester one.

Approach To Curriculum Transaction

The approach to the transaction of the ITEP curriculum will focus on enabling student-teachers to attain the defined competencies and learning outcomes relating to courses associated with each of the curriculum components that would enable student-teachers to achieve the expected Graduate Attributes. The curriculum transaction will involve learner-centric pedagogies, and pedagogical practices that would help facilitate well-structured and sequenced acquisition of knowledge and capacities. A practicum that would link theory with practice will constitute an important aspect of the teaching-learning process. The teaching process will include lectures supported by tutorial work; practicum and field-based learning; the use of teaching-learning material, including e-learning resources and other self-study materials; project work, some of which may be team-based; activities designed to promote the development of generic/transferable and subject-specific knowledge and capacities; exposure to different types of schools and other teacher education institutions and/or research facilities, school-based internship, etc.

Approach To Assessment And Evaluation

A variety of assessment methods and tools will be used to assess progress towards the defined learning outcomes, competencies, and expected Graduate Attributes. Priority will be accorded to formative assessment. Assessment of learning outcomes will cover all domains of learning. The assessment would provide meaningful and constructive feedback to faculty and student-teachers about the teaching-learning process and outcomes.

The assessment weightage for different elements of School Experience will be divided into two broad categories: The first category will include assessment of actual practice within all the components – school observation, pre-internship practice, internship, and post-internship (review and analysis) creating teaching-learning material. The second category will include all reflective and consolidating work in a written and oral format.

The assessment of student learning in the second category (reflective and consolidating work) would include

- i. Journal entries of observation and reflection for all days of engagement
- ii. School Portrait and Portfolio
- iii. Seminar participation - preparation with readings, and overall participation during the seminar
- iv. Reflective Essay/ Video documentary/ Photo essay cum Final Presentation.

- (i) Merit
- (ii) Category (UR/OBC-NCL/SC/ST/EWS)
- (iii) Availability of seats
- (iv) Any other allocation rules, policies, or criteria as mentioned in this document or published on the admission website of UoD.

The merit list for the UR category seats will comprise all candidates in order of merit. No one will be excluded from the same. In other words, the merit list for the Unreserved (UR) category will also include SC/ST/OBC-NCL/EWS candidates, irrespective of category, if they meet the criterion of merit for the UR category. No candidate can be excluded from the UR category merit list just because the Candidate belongs to or has applied under SC/ST/OBC-NCL/EWS category. Discrimination on the basis of category/caste is completely unlawful. The UoD does not tolerate discrimination against any Candidate/student on this basis. Strict action will be taken against any violations.

If candidates belonging to SC/ST/OBC-NCL/EWS/PwBD/CW/Orphan category do not have a valid certificate/document issued by the respective issuing authority at the time of admission, they will not be considered for allocation in the relevant category as claimed. (Refer to Annexure III).

If the total number of eligible ST category candidates who have applied for a particular Program exhausts, then the remaining seats under this category for that particular Program will be allocated to eligible SC category candidates and vice-versa.

In case, a candidate who was allocated a seat under any reserved category/ sub-category and was rejected on the basis of deficiency/ies in the category/sub-category/ caste documents, she may be considered for seat allocation in subsequent round/s (if any) in UR category as per her eligibility, merit and availability of seats in UR.

3.3. SEAT ALLOCATION AND ADMISSION

On declaration of the Seat Allocation result/s by the University, the candidate must login to her dashboard for acceptance of the allocated seat, if offered.

It is the responsibility of the candidate to login to the dashboard and check if a seat is allocated in a given round of seat allocation, and if allocated she must complete all admission formalities.

3.3.1: Acceptance, Physical Verification of Documents and Approval

On declaration of each allocation round, if a seat is provisionally allocated, the candidate must **"Accept"** the allocated seat before the last date/time specified for the given allocation round.

Inactivity/no-action will be taken as non-acceptance to the allocated seat. It will be treated as a decline to the provisionally allocated seat and the candidate will no longer be able to participate in subsequent rounds.

FoE will verify the following:

1. Minimum Eligibility of the Candidate
2. Score obtained in NCET-2023
3. Validity and authenticity of Documents/Certificates submitted by the candidate

After verification, the FoE will either 'Approve' or 'Reject' the application.

During verification, if any document/ certificate is found inadequate/insufficient/inappropriate, the admission if granted, shall be canceled and treated as invalid *ab initio* and appropriate legal action will be taken against such candidate. The University will not refund the Admission Fee (if paid) in case a candidate is found ineligible at any stage.

In case of Approval: Once the approval is accorded, the candidate will have to pay the requisite admission fee (refer to Section 3.3.2).

In case of Rejection: At the time of verification, if an application gets rejected, any/all of the following reason/s may be stated:

1. Non-fulfillment of the Minimum Eligibility by the Candidate
2. Invalid documents/certificates submitted by the Candidate
3. Failure to respond to the query(ies) raised by FoE within the stipulated time

3.3.2: Admission to the Provisionally Allocated Seat

After the approval is accorded, the candidate will have to pay the admission fee. The admission will be confirmed only after successful payment of the admission fee.

If a candidate fails to pay the admission fee within the stipulated time, it will be considered as a cancellation of the provisionally allocated seat. The allocated seat shall be forfeited, and the candidate will not be considered for any subsequent regular allocation rounds.

3.4 SUBSEQUENT ALLOCATION ROUNDS

The University may announce multiple allocation rounds based on the availability of the seats that arise due to rejections, cancellations, and withdrawals. UoD will display the vacant seats on its admission website (admission.uod.ac.in) before every allocation round.

All admitted candidates who opt for the "Upgrade" option (refer to 3.5.1) in a particular round will be considered for the respective allocation round, subject to the availability of seats.

Candidates who were allocated their first preference in any round will not be considered in subsequent round/s of allocation.

3.5. UPGRADE & FREEZE

Before an Allocation Round, the University will open an "Upgrade" Window for all admitted candidates.

3.5.1: Upgrade

An admitted candidate can select the 'Upgrade' option, which will allow upgradation to a higher preference submitted by the candidate. Admitted candidates who opt for upgradation will automatically be upgraded based on the allocation and upgradation policy.

Choosing the option 'Upgrade' will mean that the candidate consents to consideration of an offer of admission to a Program + College of her higher preference in the subsequent round (if any). Her current admitted seat will be auto-canceled if the new preference is allocated.

The Program in which the candidate had taken an admission earlier will never be offered to the candidate in any subsequent round. Similarly, the Program/s which were below in the preference order at which the candidate had

taken an admission earlier will never be offered again to the candidate in any subsequent round.

The upgrade option will not be available for the candidate who was allocated her first preference.

It will be the candidate's responsibility to keep checking for 'Upgrade' options in all rounds of seat allocations. Failure/inability to participate in the upgradation process will not be considered a grievance in any circumstance.

A candidate who gets upgraded will have to 'Accept' the upgraded seat and complete the admission procedures on the upgraded allocated seat/s. If a candidate does not do any activity on the upgraded seat/s, it will, by default, be considered canceled and the candidate will be out of the allocation process.

If a candidate is not upgraded, her admission to the earlier seat will be retained.

Selecting an upgrade does not mean an assurance of a seat in the next/ any subsequent allocation rounds.

Upgradation is subject to:

- a. Merit
- b. Order of Preference
- c. Availability of seats

3.5.2: Freeze

A candidate who has been admitted to an allocated seat and desires to continue with it should submit a 'Freeze' request through her dashboard. **On selecting 'Freeze', such a candidate will never be allowed to opt for "Upgradation."**

If an admitted candidate neither opts for Upgrade nor Freeze and remains inactive in that round, the admission taken by her will be retained and she will not be considered for upgradation in any subsequent round/s.

3.6 CANCELLATION OF PROVISIONALLY ALLOCATED SEAT/ ADMISSION

1. Failure to 'Accept' the provisionally allocated seat within the stipulated timeline will lead to cancellation of the allocated seat.
2. The provisionally allocated seat will be canceled if a candidate fails to pay the admission fees within the stipulated time.
3. The provisionally allocated seat/admission will be canceled if, at any time, any of the document(s)/ certificate(s) is/are found to be invalid/fraudulent.
4. The provisionally allocated seat/admission will be canceled if, at any time, it is found that a candidate does not meet the Minimum Eligibility Criteria as declared by UoD.

A candidate whose provisionally allocated seat/admission is canceled due to any of the above-mentioned reason will forfeit the right to seek admission to UoD and no fee shall be refunded.

3.7. WITHDRAWAL OF ADMISSION BY THE CANDIDATE

A candidate who has been admitted to a Program but wishes to withdraw can do so through her dashboard by selecting the 'Withdraw' option and paying a withdrawal fee of Rs. 1000.00 (non-refundable).

A candidate who withdraws her admission will forfeit her eligibility to participate in regular allocation rounds. No further participation in any of the subsequent regular allocation rounds, if any, will be allowed.

The Withdrawal option will be suspended on the announcement of the Spot Admission round/s.

3.8. MID ENTRY

Candidates who failed to register within the stipulated time and are desirous of participating later can participate through the Mid-Entry window (as and when announced by the University). Such a candidate can do so by paying a Mid-Entry fee of **Rs. 1000.00 (non-refundable)**.

A candidate who applies mid-way will not hold any right to claim the seats allocated to candidates who had applied within the stipulated earlier, i.e., during the initial stage. Allocation of seats to such candidates may be considered for subsequent rounds (if any), subject to fulfillment of merit, eligibility criteria, availability of seats, and other rules.

Once the seat has been allocated to the candidate who has applied midway, it will be mandatory for her to be admitted to the allocated seat. Failure to accept the allocated seat will forfeit the candidate's right to seek admission to UoD.

Merely registering through Mid-Entry does not guarantee allocation of seats. Mid-Entry will only be considered after successful remittance of the Mid-Entry fee.

3.9. SPOT ADMISSION

After completing three regular allocation rounds, if seats remain vacant, UoD may announce Spot round/s of admission.

Candidates who had applied earlier but are not admitted on the date of declaration of the Spot Admission round can participate in Spot Admission.

On the announcement of Spot Admission, the dashboard of all the admitted candidates will be kept in freeze mode and they will not be allowed to withdraw their admissions.

To be considered in a Spot Admission round, the candidate will have to opt for 'Spot Admission' through her dashboard.

In Spot Admissions, allocations will be done on the basis of the following criteria:

1. Availability of seats
2. Merit
3. Order of Preference
4. Category
5. Any other allocation rules, policies, or criteria as mentioned in this document (BOI (ITEP)-2023), or published on the admission website of UoD

It will be mandatory for the candidate to take admission to the seat allocated in a Spot round. Failure to accept the allocated seat in the Spot Admission round will forfeit the candidate's eligibility for admission to UoD.

There will be no option of 'Withdraw' during the Spot Admission rounds.

3.10. TIE BREAKING

In the event of a tie, where two or more candidates have the same NCET-2023 merit score, the following rules will be applied in the stated order to break the tie:

- i. The candidates with a higher percentage of aggregate marks in the Best 5 subjects of Class XII will be given preference.
- ii. Age of the candidate; preference will be given to the candidate having an earlier date of birth (as mentioned in the Class X certificate).

Note:

1. If the marksheet contains both Class XI and Class XII marks, only Class XII marks will be considered.
2. Any discrepancy in the entry of marks pertaining to the Theory, Practical or Total, will be the sole responsibility of the candidate.
3. If the Class XII mark sheet contains CGPA/Grades, the candidate will have to convert the Grades into 21 equivalent marks/percentages as per the issuing examination board (refer to Annexure I for Grade conversion).

3.11. REMITTANCE OF FEE

Admission of a candidate will be deemed confirmed only after the successful realization of the admission fee. The admission fee must be paid only through the candidate's dashboard. If the fee is not successfully remitted within the stipulated time, the admission will not be considered complete under any circumstances.

For all payments, candidates are advised to use any of these payment modes: Net Banking/Debit Card/Credit Card/UPI.

3.11.1: Virtual Wallet

Upon the successful remittance of the admission fee, a virtual wallet will be created for a candidate.

In case a candidate gets upgraded and the Fee of the upgraded seat is more than the amount in the virtual wallet of the candidate, she will have to pay the differential amount within the stipulated time.

In case the fee of the upgraded seat is less than the amount in the virtual wallet of the candidate, it will be auto-debited upon receiving approval from the University.

3.11.2: Payment Failures

In the likely case of payment failure-related issues:

1. If the amount is not deducted from the account, the candidate must try paying again before the payment deadline.

दिमाग को हाथ के काम द्वारा शिक्षा मिलनी चाहिए। मैं कवि होता तो हाथ कि पाँच उंगलियों की अद्भुत शक्तियों के बारे में कविता लिखता। दिमाग ही सब कुछ है और हाथ- पैर कुछ नहीं, ऐसा आप क्यों मानते हैं? जो अपने हाथ को शिक्षा नहीं देते, जो शिक्षा की सामान्य रूढ़ि में से होकर निकलते हैं, उनका जीवन नीरस बन जाता है... दिमाग खाली शब्दों से थक जाता है और बच्चे का मन भटकने लगता है। हाथ न करने लायक काम करते हैं, आँखें न देखने लायक चीज़ें देखती हैं, कान न सुनने लायक बातें सुनते हैं और उनको क्रमशः जो कुछ करना, देखना और सुनना चाहिए, उसे वे करते, देखते और सुनते नहीं हैं... जो शिक्षा हमें अच्छे- बुरे का भेद करना एवं अच्छे को ग्रहण करना और बुरे को त्यागना नहीं सिखाती, वह शिक्षा सच्ची शिक्षा ही नहीं है।
